

ENVIRONMENTAL POLICY

The management of **OPTIPOWER PROJECTS (PTY) LTD** undertakes to provide a quality service in a manner that ensures a safe and healthy workplace for our employees and minimizes our potential impact on the environment.

To achieve this goal OptiPower Projects' management undertakes to:

- Maintaining an Environmental Management System that complies with ISO 14001: 2004.
- Operate in compliance with all relevant environmental legislation and we will strive to use pollution prevention and environmental best practices in all we do.
- Promote environmental awareness among our employees and encourage them to work in an environmentally responsible manner.
- Train, educate and inform our employees about environmental issues that may affect their work.
- Setting and reviewing company's environmental objectives and targets ensuring continued business growth and improvement.
- Reduce waste through re-use and recycling and by purchasing recycled, recyclable or re-furnished products and materials where these alternatives are available, economical and suitable.
- Avoid unnecessary use of hazardous materials and products, seek substitutions when feasible, and take all reasonable steps to protect human health and the environment when such materials must be used, stored and disposed of.
- Purchase and use environmentally responsible products accordingly.
- Communicate our environmental commitment to clients, customers and the public and encourage them to support it.
- Strive to continually improve our environmental performance and minimize the social impact and damage of activities by periodically reviewing our environmental policy in light of our current and planned future activities.

By applying the above and the involvement and assistance of our employees we believe that OPTIPOWER PROJECTS (PTY) LTD will operate efficiently, profitably and safely to the benefit to the environment.

ROBERT THOMPSON
Managing Director
